

Why do people like Stockbridge Presbyterian Church?

Stockbridge Presbyterian Church is a very family oriented church. The people have been here for years and everyone loves each other. People say that Stockbridge Presbyterian Church is a very loving church. They say that the people will there if you need them especially if someone is hurt or needing God's healing hand. People say that they love to come and hear the choir sing and what God has to say on Sunday. I spoke to one lady and she loves coming to Sunday School as well as church. She also attends Bible Study. She loves the opportunities that we have to come and learn more about Jesus. People also love all the opportunities that we have to help the community such as Joseph's Pantry, Community Christmas Baskets, ect.

Why do I like Stockbridge Presbyterian Church? There are so many things that I love about Stockbridge Presbyterian Church. I love all of the people at my church. I love the fact that most of the people are like my own family. I love the love and the fellowship that we have. I love how people come to help when you need it. I love how everyone has lifted my mom up every time she has been through chemo and radiation. I know that the prayers and the love and compassion from my church along with God's love is why my mom is still here. I love going to Sunday School. I enjoy being able to attend VBS. I love learning about God's love on Wednesday night as well as showing everyone else about God's love through the Christmas plays and music that we work on and then present to the church. I love all the friends that I have in youth group and what a great time we have together. I love how my church loves me!
